

Carson products are made of structural foam high-density polyethylene with UV inhibitors to provide a lifetime of consistent performance in a variety of weather conditions.

CARSON

TrussT Valve Boxes

Carson® TrussT valve boxes are value-engineered to achieve top-down strength for lasting access to irrigation systems. Sidewalls feature “truss” reinforcements to withstand passing pressure from push-mowers, domestic riding mowers, and other do-it-yourself gardening equipment.

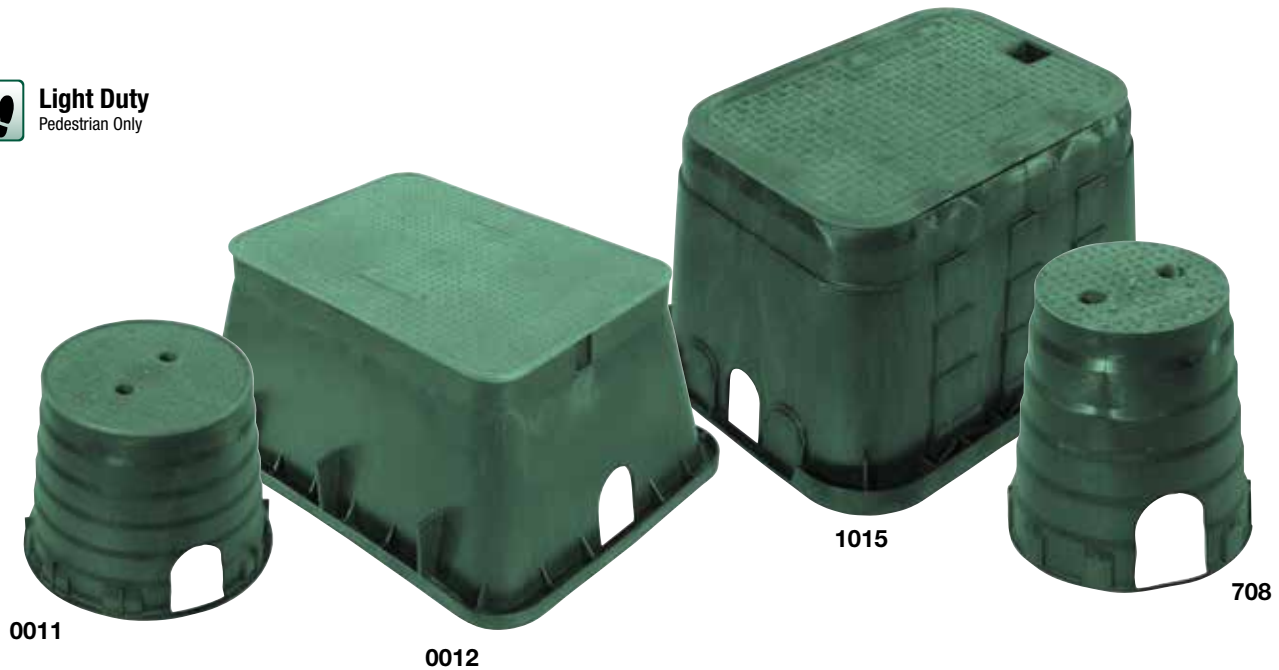

Reinforced sidewalls withstand DIY landscape equipment

UV inhibitors for maximum weather resistance

Modify in the field with a standard hole saw or jig saw
