

INTRODUCING CARSON® HEAVYWALL: 2-PIECE METER PIT EXTENSIONS

We are pleased to expand our offerings in our Carson® Heavywall meter pits product portfolio. We have designed these new extensions using our unique, patented rotational molding process – the exterior of the meter pits are black and finished with a white interior that improves working visibility for meters. The 6” meter pit extension for the 0024 meter pit was designed as a compliment to the 12” extension to help with projects and grade adjustment.

CARSON® HEAVYWALL 2-PIECE METER PIT EXTENSIONS

 NON-DELIBERATE TRAFFIC
